Speaker Meeting Cai

Cai has been running this meeting for a long time. She wants to turn it over to someone else. She is also trying t create this as a hybrid. Devorah and Bob have been talking about this. Phil seems to think that the hybrid meeting is very focused on the Zoom meeting as opposed to a person to person meeting. He thinks we should start to think about this change over the next few months. There was a bit of conversation about this.

A motion was made that the speaker for the speaker meeting being both hybrid or all virtual because it does not invole participation. This discussion was tabled for a future meeting. Devorah is taking over the Sat night speaker meeting. Cai was thanked for her long term of service. This voted on and approved.

Secretary Robin

Robin and Lynn and both offered to have their meeting taken over.

Jail LIZ

The meeting at the jail today was cancelled. Maybe next week it will happen.

Old business

Each meetings should start announcing that the group would like to move towards the Sect being in the room.

Cai thanked Lynn for all of the work she did in doing the research about new locations and to see how well the current location is working out

It has been suggested that we get a list of all secretaries for each meeting. Bob said it is up on the wall.

New business

Bob asked that all Host log out by hitting the LEAVE red button when they are ending the meeting. It causes a lot of problems if it is not done correctly.

Covid is still going on and all CoVid measures must be kept in place. Whoever is leaving the room must sign out on the sheet which show the requirements for cleaning have been met.

All the equipment in the room must be put away correctly.

Cai is correcting an error from the last business meeting and she is the Friday morning sect.

The meeting was closed with the responsibility prayer.
